"TRUST ME" PREMIERES APRIL 13, 14, and 15

MRS. MICKEY BENT

Broadway once again comes to Gardner when students of MWCC under the direction of Mrs. Mickey Bent present the original musical "Trust Me." It will be presented at the Gardner Fish and Gun Club on April 13, 14, and 15 at 8 p.m. There will be a matinee on Saturday, April 15 at 2:30 p.m.

The story is set in a small midwestern town and concerns an eccentric old woman's struggle to gain faith in mankind through the help of such unlikely characters as Leonardo da Vinci, the Statue of Liberty, a troop of Girl Scouts, and an imaginary dog.

Mrs. Bent, Assistant Professor of Music at the college, has much experience in writing and directing musicals, and those who have heard the score of "Trust Me," all agree this is one of her best efforts. Last year Mrs. Bent's production of "Allakazan" was a huge success and was one of the first original musicals ever produced at a community college in Massachusetts.

Twenty five students have been hard at work on the musical since late February and have been rehearsing from three to four times a week. Other students have been busy building sets and designing the costumes, and doing all of the other unpublicized tasks which are so important for a successful production.

Mrs. Bent hopes to extend the run of her musical by presenting it at the Alice G. Wallace Planetarium during the month of June as she did with "Allakazan."

Seminar Aids Students In Career Planning

Mrs. Barbara Oatman, MWCC's Placement Director, is currently conducting a career planning and job placement seminar. It is a mini-course designed to teach MWCC students the art of career and decision-making. The course's goal is to provide the participants with tools and techniques for conducting an effective search for a satisfactory job upon graduation.

According to Mrs. Oatman, "The underlying premise of the course is that the proven techniques included in the seminar are a necessary part of every individual's education. Mastery of such techniques not only provides the participant with successful ways to acquire an entry level job but techniques to use for job mobility throughout his career."

"The group process is the most advantageous means of assisting students, providing them with the benefit of group interaction, and the exchange of ideas and experiences."

The participants are being provided with an ample opportunity to gain personal insights and to establish occupational goals based on a comprehensive evaluation of aptitudes, values and intelligence. The group discussions are focusing on labor market information, how to write a resume, interview techniques, and how to analyze classified ads for jobs.

Area employers and a variety of professionals have been invited to discuss their businesses, industries, and occupations with the students. Job functions, job descriptions, types of employees hired, and work environments are also being explored by the speakers.

Among those business men and employers participating in the course are Mr. Eugene Doody, Industrial Manager, Simplex Time Recorder; Mr. Daniel Keady, Montachusett Area Representative, Massachusetts Division of Civil Service; Mr. W. M. Ferson, Bureau of Labor

(Continued on p. 4)

Representative Robert F. Drinan of the Third Congressional District spoke to a capacity audience of students, faculty, and members of the Greater Gardner Community on April 4. After his speech Fr. Drinan answered questions from the floor. Joining the Congressman on the rostrum was Robert Eaves, MWCC's Director of Admissions.

Campus Notes

The biology curriculum recently presented a debate on the controversial abortion issue. The debate was a part of the general biology course in which 300 students are enrolled. The public was invited to the debate which was held at the Gardner Cinema. The participants were Mr. Francis O'Connor, a lawyer from Worcester and the chairman of the Right to Life Committee, and Professor Norman Tandy of the MWCC Social Sciences Division.

* * * * * *

The MWCC art gallery, located at the downtown campus, is featuring the recent works of students Michael Shattuck and Jeffrey Woods through the 18th of April. A one-man outdoor sculpture exhibition is planned for April 21 through May 14.

* * * * * *

Raymond C. Rogers, faculty advisor of the Society for the Advancement of Management, has announced a schedule of plant visitations for his organization. The tours will include visitations to various local businesses such as Collier-Keyworth, Heywood-Wakefield Co., L & Z Kamman, Simplex Time Recorder, Lilly Chemical, and Mead Containers.

* * * * * *

Professor O. Vincent Paliotti, advisor to the Economics Club, has provided his organization with a full slate of activities. The club recently took a field trip to examine the Boston financial world. The visit included tours of the Federal Reserve Bank, a major brokerage house, and the Boston Stock Market.

During the Easter break, the club journeyed to Montreal for four days. The purpose of this trip was to show the students the contemporary operation of a neighboring economy. On the agenda for the Canada trip were first hand observations of the Bank of Canada, McGill University, the Montreal Stock Exchange, and Mont Royal.

The Humanities Club in conjunction with the Distinguished Visitors Committee will present "The Silence" in the April program of the 1971-1972 Bergman Film Festival.

The public is invited to view this unusual film at the College's Downtown Campus at 7 p.m. on Wednesday evening, April 19. Following the film there will be a seminar to discuss the film and others in the Bergman series.

CABLE TV SERIES BEGINS

Rodger M. Lively, left, director of "Community College Dialog", goes over last minute details with announcer Gerry Legros while Assistant Professor Peter Trainor, center, the series moderator anxiously awaits his "on the air" cue.

Mount Wachusett's first live television series began on April 4. The program, *Community College Dialogue* is hosted by Assistant Professor Peter Trainor, the Coordinator of MWCC's Mental Health Curriculum, who talks each week with personalities involved in health, education, and welfare activities in the Montachusett Region.

The program is under the direction of Mr. Rodger M. Lively, Director of Instructional Services. He is being assisted by students from the Public Communications Curriculum.

The program originates in the college television studios and is broadcast over Montachusett Cable Television Channel 3 in Gardner Tuesdays at 7:30 p.m. Viewers can become directly involved in the program by phoning the program participants during the telecast. The current series of programs will run through July 18, and a new series will begin in September.

Prospective guests for upcoming programs include: Dr. Arthur F. Haley, President of Mount Wachusett Community College; Judge John J. Melican, Presiding Justice of Northern Worcester County District Court; Mr. Paul Loughlin, Associate Director, Gardner-Athol Mental Health Center; Dr. Warren P. Cordes, Superintendent, Gardner State Hospital, and Mr. Paul Youd, Counselor, Stetson Home in Barre.

The series promises to be an important link between the college and the Gardner community.

Spring Arts Festival Is Planned

Mrs. Jean Tandy, assistant professor of the Division of Humanities, is planning for a Spring Arts Festival to be held on May 13. The Festival will represent a consortium of effort and talent produced through the combined efforts of students and professors from many of the Massachusetts regional community colleges.

Professor Tandy emphasized, "The Spring Arts Festival, as the name implies, will be a celebration of traditional and modern art forms in multi-media. This is a community-directed program designed to demonstrate the vast realm of art forms, and to excite the community and our students by the real world of art and its multiple methods of expression."

The art forms will not be presented in the usual static displays. There will be a visual arts exhibition including modern and traditional sculptures, paintings, and drawings and sketchings created by the students of the art curriculum.

Student demonstrations are planned which will display various art techniques such as pottery making, glass cutting, and free art pencil and charcoal sketching.

The public will also be given a chance to participate in the creative act by painting on a canvas which will be supplied for that purpose. The day-long event will also feature original presentations of student-composed electronic music, the performance of a short play, and the showing of student films.

In addition, arrangements are being made for an outdoor folk-rock concert and a performance by several classical music ensembles.

MWCC to Sponsor Student Film Festival

In an effort to provide aspiring young filmmakers with an audience, MWCC will hold a student film festival on May 12th and 13th. The festival will be open to films made by independent as well as student filmmakers.

A feature of the festival will be a competition for cash prizes. The Student Council of the college has provided funds for a one hundred dollar first prize and a fifty dollar second prize. To be eligible for the competition a filmmaker must be a student at a junior or community college.

Seven films are already entered and the Festival Committee expects entries from throughout the country. All films entered in the competition must be in the hands of the Festival Committee by May 9.

For complete information and entry blanks for the Festival, filmmakers may contact Gordon Massingham, Mt. Wachusett Community College, Gardner, Mass. 01440.

Seminar . . .

(Continued from p. 1)

Statistics, U.S. Department of Labor; Mr. Paul Chambers, Personnel Director Digital Equipment Corporation; Mr. Andrew Owens, Manager of Manpower Development, Raytheon Company, Bedford Laboratories; Mr. W. T. Anderson, Manager, Employment and Career Development, New England Medical Center; Mr. Floyd Hewett, Jr., Personnel Director, Morse Shoe, Inc.; and Mr. Michael Enwright, Employment Manager, Leahy Clinic.

Twenty students are enrolled in the seminar and will receive one credit on a pass-fail basis at the completion of the course.

Audio-Tutorial Biology Program Is In The Limelight

MWCC hosted a meeting of the North Central Science Supervisors Association on March 29. The theme of the discussion was the "Audio-Tutorial System of Teaching Biology" developed by Professors Theodore D. Filteau, Walter Ballou and Peter Trinchero. The group explored audio-tutorial techniques as they apply to the secondary schools.

The MWCC Audio-Tutorial Program was developed through a Federally Funded Title III Grant. Professors Filteau and Ballou, were instrumental in preparing the grant and doing the research required to develop the innovative program. Professor Filteau, as a result of his work in this area, was chosen as an Outstanding Educator of America for 1971.

Because of their leadership in the field of Audio-Tutorial teaching technique in Biology, both Professor Filteau and Ballou have participated in the National Science Foundation Educational Programs at Smith College and the University of Massachusetts.

Professor Filteau also made a presentation in April at the National Association for the Education of Teachers in Service convention on Audio-Tutorial Instruction in Science.

Notes . . .

(Continued from p. 2)

have just been advised of a new course approval.

The Massachusetts Board of Higher Education has granted approval for the purpose of training veterans and other eligible persons under the provisions of Title 38, United States Code, as amended by Public Law 89-358, Section 1775 (a), 1, V. A. regulation 14235 for a course entitled Real Estate (3 credits). The approval is retroactive to January 26, 1972.

Senator Joseph Ward of Fitchburg, left, and Assistant Professor Peter Trainor. Coordinator of the Community Mental Health Curriculum, were photographed deep in a discussion during a meeting of the curriculum's coordinating committee recently held at the college. Also joining the commitee for a discussion of job opportunities for the graduates of the program was Dr. George Grocer, Assistant Commissioner of the Massachusetts Department of Mental Health.
